MS7105	5x50x250mm
MS7110	4x50x250mm
MS7115	14x14x200

Huon Pine has a straight grain with a very fine and even texture. A very durable & moderately light & soft timber. Saws and machines easily & does not blunt tools. Can be worked to a high polish and accepts finishes well. Excellent for carving

7.2.2 Yellow Box

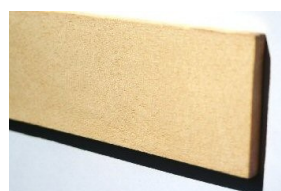

MS7120	3x40x250mm
MS7125	20x20x250mm

Yellow Box has a straight grain. Texture is very fine & uniform with a natural lustre. Very hard timber. Can be worked with hand & machine tools to a very fine finish. The timber can be finished to a very high polish & accepts most finishes well. An excellent carving timber.

7.2.4 Jelutong

MS7130	5x50x300mm
MS7135	14x14x300mm

Jelutong has a straight grain with a fine and uniform texture. The colour is creamy to straw. A very smooth surface can be produced provided tools are kept sharp. It takes most finishes well. An excellent carving timber.

7.2.3 White Beech

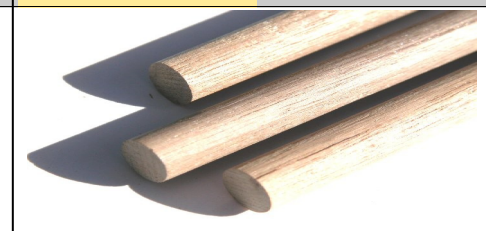

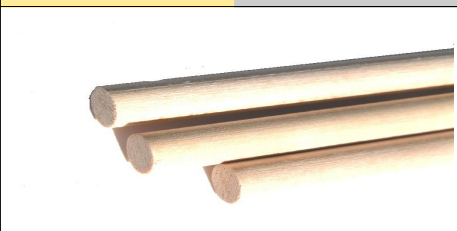

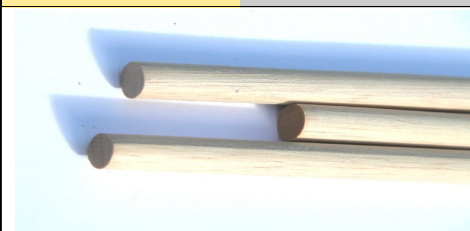

MS7140	4x30x250mm
MS7145	5x30x250mm
MS7150	4x40x250mm
MS7155	6x40x250mm
MS7160	14x14x200mm

White Beech is a light brown to light grey-brown colour. Has interlocked grain with a medium and even texture. A relatively soft wood that is easy to work. An excellent carving timber.
