### RAINBOW J CLASS AMERICA'S CUP

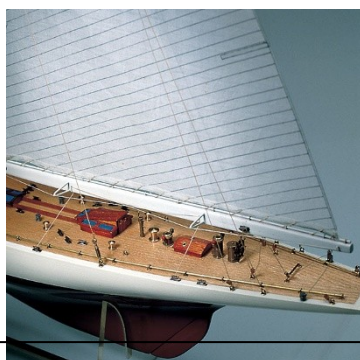

The Rainbow was designed by Starling Burgess, in order to defend the colours of the United States. The pilot was Mr. Harlos S.Vanderbilt, who expressly wanted this yacht to challenge the strong contender Endeavour. Kit includes resin hull, wooden deck, metal fittings and cloth sails.

Size: L:480mm H:700mm

Grade: SL2

Scale: 1:80

**Order Code: KTAM1700/51**

### ENTERPRISE J CLASS AMERICA'S CUP

Starling Burgess designed the Enterprise, a technologically sophisticated yacht. One of his innovations was the rig of the Enterprise and a very large boom. Kit includes preformed resin hull.

Size: L:460mm H:650mm

Grade: SL2

Scale: 1:80

**Order Code: KTAM1700/52**

### RANGER J CLASS AMERICA'S CUP

This extraordinary America's Cup Defender won 32 races out of 34, gaining respect and admiration of all its opponents. The Ranger had been conceived as a unique "regatta machine" and its hull could part the ocean at an incredible speed. Kit includes resin hull, wooden deck and planking, metal and resin fittings and cloth sails.

Size: L:470mm H:610mm

Grade: SL2

Scale: 1:80

**Order Code: KTAM1700/54**

### DORADE

Dorade is considered the very first modern yacht. In 1932 it won the Bermuda regatta and in 1933 it defeated all participants in the Fastnet. At that time the "Times" entitled it as "the smallest amazing yacht of the Ocean regatta ever built" This kit includes preformed ABS hull, wooden inside structure. Suitable for RC.

Size: L:860mm H:1050mm

Grade: SL3

Scale: 1:20

**Order Code: KTAM1605**

### SHAMROCK

When the race started Shamrock found herself pitted up against Enterprise. In the best of seven series Enterprise won four, Shamrock failed to score a single victory. Kit includes pre built resin hull, high quality wooden deck and planking, metal and wooden fittings, mast, cloth sails, rigging, instructions and construction plans.

Size: L:445mm H:625mm

Grade: SL2

Scale: 1:80

**Order Code: KTAM1700/53**
